Dear Supporter,

The Armenian Missionary Association of Australia's Board of Directors is aware of the financial difficulties that our brothers and sisters in Armenia/Artsakh and Lebanon have been struggling with COVID-19 pandemic. Based on this fact, we have resolved to extend our helping hand to aid those who have lost income and are unable to care for their families.

Those of us who live in the developed nations and countries, such as Australia, are fortunate, because the number of COVID-19 cases and casualties are very low, we receive assistance and financial support from our government and already we are coming out of the tunnel to the long anticipated light. However, those who live in developing countries are left to deal with their financial crisis on their own, even after emerging from the crisis.

In our efforts to alleviate the suffering for those less fortunate, we kindly request that you partner with us in our outreach programs to help the victims of this worldwide pandemic.

Please be generous in supporting this program.

You can choose one of or several options found below and send your donation cheques to:
