FIRE DISASTER APPEAL

On 7 May 2023, a devastating fire ravaged the Armenian Evangelical Church of Ainjar, causing substantial material damage.

The fire began in the church's heaters, damaging equipment, incinerating church records in the pastor's office, and causing severe smoke damage throughout the structure.

The floor tiles have to be replaced and new office equipment will be needed. Your donations will help restore the church so the congregation can resume worship and community service.
